BIRTH CONTROL IN EAST TIMOR

I received today a letter from the World Bank, continuing our on going correspondence with them about birth control in East Timor. A letter dated 20 February has some quite appalling statements in it, so I thought that perhaps others would like to get involved in this pressure on the World Bank.

As for our own reply to the latest letter I intend to ask Lord Avebury to continue the correspondence.

Carmel

Encl:

Lisa,
Maybe you could ask Mgr Cosdar hopes to write to the W.Bank
